## Technical Specification

|                              |               |
|------------------------------|---------------|
| Brand                        | Optonica      |
| Product Code                 | HE1-A1        |
| Power                        | 138W          |
| Energy Consumption           | 138 kWh/1000h |
| Input voltage                | DC24V         |
| Flux                         | 13800 lm      |
| FLUX per watt                | 100 lm/W      |
| IP                           | 20            |
| Dimmable                     | Yes           |
| Correlated Color Temperature | MAGIC RGB     |
| EAN Code                     | 3801057168449 |
| Beam angle                   | 120°          |
| On/Off Cycles                | 25 000x       |
| Instant On                   | 0.1s          |

|                                          |                    |
|------------------------------------------|--------------------|
| Operating Frequency                      | 50-60 Hz           |
| Temperature                              | -20°C / +40°C      |
| Ra ≥                                     | 80                 |
| Life span                                | 25 000 Hours       |
| Body Color                               | White              |
| Lumen maintenance at end of service life | 70%                |
| Size of product                          | 3720x2180mm        |
| Size of package                          | 465x230x345mm      |
| Items per pack                           | 1                  |
| Items per box                            | 1                  |
| Remote Control                           | Yes                |
| Others                                   | Tuya - APP Control |
| Warranty                                 | 2 Years            |
