РЪКОВОДСТВО ЗА УПОТРЕБА

LED ПРОЖЕКТОР

Моля, прочетете внимателно ръководството за употреба и го запазете за бъдещи справки.

ДИАГРАМА

ВАЖНА ИНФОРМАЦИЯ ЗА БЕЗОПАСНОСТ

- Не свързвайте прожектора директно към осветителната верига - използвайте превключвател с предпазител.
- Преди монтаж, изключете електричеството.
- Внимателно прочетете всички инструкции и предупреждения.
- Този продукт е подходящ за употреба на открито. Ако имате някакви притеснения, посъветвайте се с квалифициран електротехник.

ИНСТРУКЦИИ ЗА ФИКСИРАНЕ

- Не свързвайте прожектора директно към осветителната верига - използвайте превключвател с предпазител.
- Продуктът трябва да бъде заземен, свържете се с квалифициран електротехник.
- Уверете се, че електричеството е изключено преди монтаж.

ЗАБЕЛЕЖКА

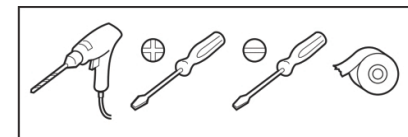

При монтаж проверете за електрически кабели или тръбопроводи (газ/вода) в близост до предвиденото от вас място, след което продължете с монтажа.

ГЛАВНА ИНФОРМАЦИЯ

Не монтирайте прожектора върху влажна повърхност, като например току-що боядисани зони. Това може да причини обезцветяване на покритието.

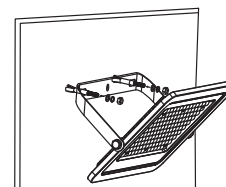

Инструменти, които може да са необходими:

- Бормашина
- Права и кръстата отверка
- Електрическа отверка
- Изолационна лента

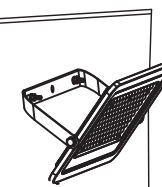

МОНТАЖ

1. Закрепете регулируема стойка с винтовете от неръждаема стомана.

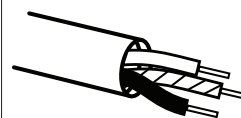

2. Свържете захранващия кабел към тялото.

Забележка: преди монтаж

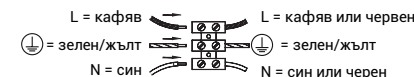

При монтаж, използвайте само доставения кръгъл кабел. (6mm диаметър минимум.)

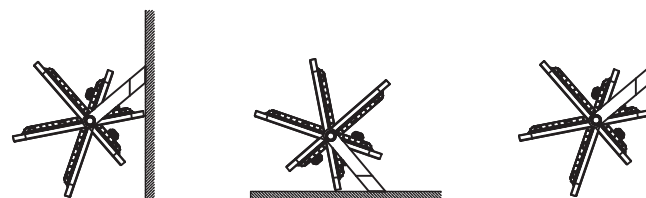

Това е необходимо, за да се създаде добро уплътнение при свързването.

3. Уверете се, че връзката е правилна и разклонителната кутия е с IP65 (не е включена)

от осв. тяло от разклонителната кутия с IP65

5. Монтирайте LED прожектора на земята, стената или тавана.

Този продукт трябва да се изхвърли отговорно в края на живота му. Моля, рециклирайте на обозначените за това места. (Директива за отпадъци от електрическо и електронно оборудване)

USER MANUAL

LED FLOODLIGHT

Please take time to read this leaflet carefully and retain it for future reference.

DIAGRAM

IMPORTANT SAFETY INFORMATION

- Do not wire this floodlight into the lighting circuit - use a switched fused spur.
- Before installation and servicing disconnect the electrical supply at the mains.
- Carefully observe all instructions or warnings that are labelled on, or supplied with your product.
- This product is suitable for outdoor use. If in any doubt, consult a qualified electrician.

FIXING INSTRUCTIONS

Do not wire this floodlight into the lighting circuit - use a switched fused spur. This fitting must be earthed, consult a qualified electrician to install a suitable earth facility. Ensure the electricity is turned off at the mains before installing or maintaining any electrical fitting.

NOTE

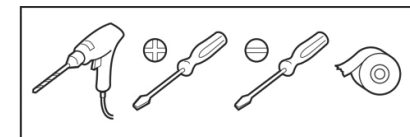

For new installations, check for any electrical cables or pipe work (gas/water) in the vicinity of the intended mounting point for this product, before proceeding with the installation.

GENERAL INFORMATION

Do not mount ceiling/wall fittings onto damp surfaces such as newly painted or pleastered areas as this may cause discolouration of the finish.

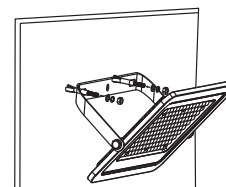

Tools which may be required:

- Drill
- Cross Head Screwdriver
- Small Electrical Slotted Screwdriver
- Insulation Tape

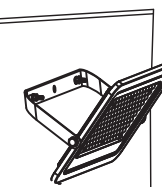

INSTALLATION

1. Fasten the adjustable bracket with stainless steel screws

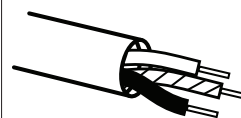

2. Connect the Main Line to the power wire of the lamp.

Note: before installation.

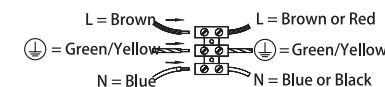

3. Only use a round cable supplied to connect this fitting. (6mm Diameter minimum)

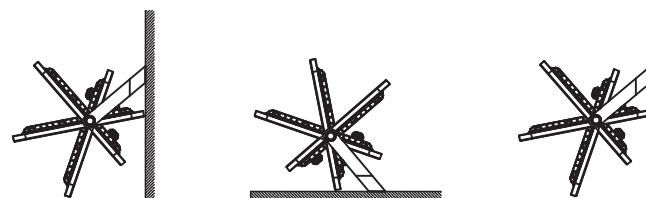

This is required in order to create a good water seal when connected to the fitting.

4. Ensure the terminal connection is made inside a suitable IP66 rated junction box. (not included)

From Floodlight **From IP66 Rated Junction Box**

5. Connect the Main Line to the power wire of the lamp.

This product should be disposed of responsibly at the end of its life. Please recycle where facilities exist. (Waste Electrical and Electronic Equipment Directive)

BEDIENUNGSANLEITUNG

LED FLUTER

Bitte lesen Sie diese Bedienungsanleitung sorgfältig durch und bewahren Sie sie zum späteren Nachschlagen auf.

DIAGRAMM

WICHTIGE SICHERHEITSHINWEISE

- Schließen Sie diesen Fluter an eine eigene geschaltete, abgesicherte Stromleitung an.
- Trennen Sie vor Installations- und Wartungsarbeiten die Stromversorgung vom Stromnetz.
- Beachten Sie sorgfältig alle Anweisungen oder Warnungen, die auf Ihrem Produkt angebracht sind oder mit diesem ausgeliefert werden.
- Dieses Produkt ist ausschließlich für die Verwendung im Freien geeignet. Wenden Sie sich im Zweifelsfall an einen qualifizierten Elektriker.

MONTAGEANLEITUNG

Schließen Sie diesen Fluter an eine eigene geschaltete, abgesicherte Stromleitung an. Das Gehäuse muss geerdet sein. Beauftragen Sie einen qualifizierten Elektriker mit der Installation einer geeigneten Erdungsleitung. Stellen Sie sicher, dass der Strom am Stromnetz abgeschaltet ist, bevor Sie elektrische Anlagen installieren oder warten.

HINWEIS

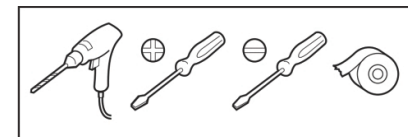

Überprüfen Sie bei Neuinstallationen, ob sich in der Nähe des vorgesehenen Montagepunkts für dieses Produkt elektrische Kabel oder Rohrleitungen (Gas/Wasser) befinden, bevor Sie mit der Installation fortfahren.

ALLGEMEINE INFORMATIONEN

Montieren Sie Decken-/Wandverkleidungen nicht auf feuchten Oberflächen, wie z. B. frisch gestrichenen oder verputzten Flächen, da dies zu Verfärbungen des Lacks führen kann.

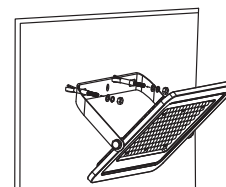

Benötigtes Werkzeug:

- Bohrer
- Kreuzschraubenzieher
- Flacher Schraubenzieher (Spannungsprüfer)
- Isolierband

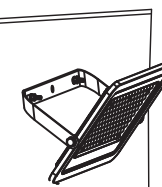

INSTALLATION

1. Befestigen Sie die verstellbare Halterung mit Edelstahlschrauben.

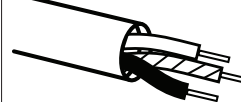

2. Verbinden Sie die Stromleitung mit dem Stromkabel der Lampe.

Vor der Installation:

3. Verwenden Sie zum Anschluss des Strahlers ausschließlich das mitgelieferte Stromkabel (mindestens 6 mm Durchmesser).

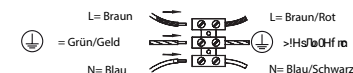

Dies ist erforderlich, um beim Anschluss an das Produkt eine gute Wasserdichtigkeit zu gewährleisten.

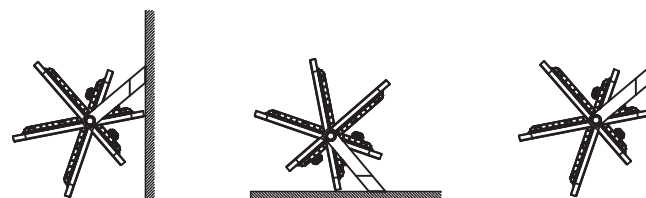

4. Stellen Sie sicher, dass die Klemmenverbindung in einer geeigneten Anschlussdose mit Schutzart IP66 erfolgt (nicht enthalten).

Von Fluter

Von Anschlussdose IP66

5. Installieren Sie den Fluter am Boden, oder an der Wand.

Dieses Produkt sollte am Ende seiner Lebensdauer verantwortungsvoll entsorgt werden. Bitte recyceln Sie es dort, wo entsprechende Einrichtungen vorhanden sind.
(Richtlinie über Elektro- und Elektronikaltgeräte)

MANUALE D'USO

FARO LED

Si prega di leggere attentamente il manuale d'uso e di conservarlo per consultazioni future.

DIAGRAMMA

INFORMAZIONI IMPORTANTI SULLA SICUREZZA

- Non collegare il faro direttamente al circuito di illuminazione – utilizzare un interruttore con fusibile.
- Prima dell'installazione, scollegare l'alimentazione elettrica.
- Leggere attentamente tutte le istruzioni e avvertenze.
- Questo prodotto è adatto per uso esterno. In caso di dubbi, consultare un elettricista qualificato.

ISTRUZIONI PER IL FISSAGGIO

- Non collegare il faro direttamente al circuito di illuminazione – utilizzare un interruttore con fusibile.
- Il prodotto deve essere messo a terra, contattare un elettricista qualificato.
- Assicurarsi che l'alimentazione elettrica sia spenta prima dell'installazione.

NOTA

Durante l'installazione, verificare la presenza di cavi elettrici o tubazioni (gas/acqua) vicino al punto scelto prima di procedere.

INFORMAZIONI PRINCIPALI

Non installare il faro su superfici umide, come aree appena verniciate. Questo potrebbe causare scolorimento del rivestimento.

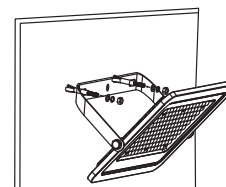

Strumenti che potrebbero essere necessari:

- Trapano
- Cacciavite a taglio e a croce
- Cacciavite elettrico
- Nastro isolante

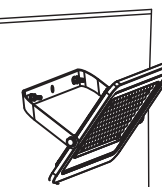

INSTALLAZIONE

1. Fissare il supporto regolabile con le viti in acciaio inox.

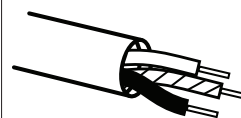

2. Collegare il cavo di alimentazione al corpo.

Nota: prima dell'installazione

Durante l'installazione, utilizzare solo il cavo rotondo fornito. (Diametro minimo 6 mm.)

Questo è necessario per garantire una buona tenuta nella connessione.

3. Assicurarsi che il collegamento sia corretto e che la scatola di derivazione abbia grado di protezione IP65 (non inclusa).
